Washington D.C.  
July 10/91.

Dear Sirs:

Although your letter was dated July 2, for some reason or other I did not receive it until last Wednesday.

I have looked over the lot sent and herewith return those I do not want. I keep three notes & a total of \$2.50

I have kept from your lot of envelopes the following:

64	1853	<sup>green on</sup> white	cat. by Scott	at 2.00
64	"	" buff	" " "	2.00
104	"	white	" " "	3.00
44	1857-60	buff	" " "	8.00
44	"	white	" " "	10.00
64	1861	white	" " "	.75
				25.75

Now if you will make  
this lot to me at a  
reasonable figure I will  
take them. I beg, however,  
to call your attention to an  
error you have made. The 4¢  
1857-60 does not contain the rare  
1¢ die. The rare one has no  
period after "postage", which  
this has. The used 4¢ envelope  
which you mention as having  
been sold at \$10.<sup>00</sup> was entire,  
and with Pat. lines, all of  
which are very rare. These plain  
ones don't bring \$10.<sup>00</sup> each entire  
and unused. The cut ones  
unused at auction sell  
anywhere from 4-6 dollars the  
latter being not usual.

I purchased the note mentimed by you  
(as being in the Warner Sale) from you some  
time ago. I would like a good copy  
of the 25¢ first issue, unperf, without  
A.B. Co. if you have it. Do not  
care for unseamed blocks, but would  
like on approval a single one of the  
50¢ 1863 issue notes you mention.

Please let me know about the  
envel. in receipt of this, as I am going away  
in a few days. Yours, Edwin P. Hodge.

Dear Sir:

I did not get your letter until I arrived home from my office last evening - then too late to register the letter that day. I have all the notes sent and herewith return them, with the \$25.00 in cash which balances our a/c to date.

Very truly,

E. R. Hodge.

Dear Sir:

Your letter & catalogue duly received. I would have written before but have been too busy to give the subject attention.

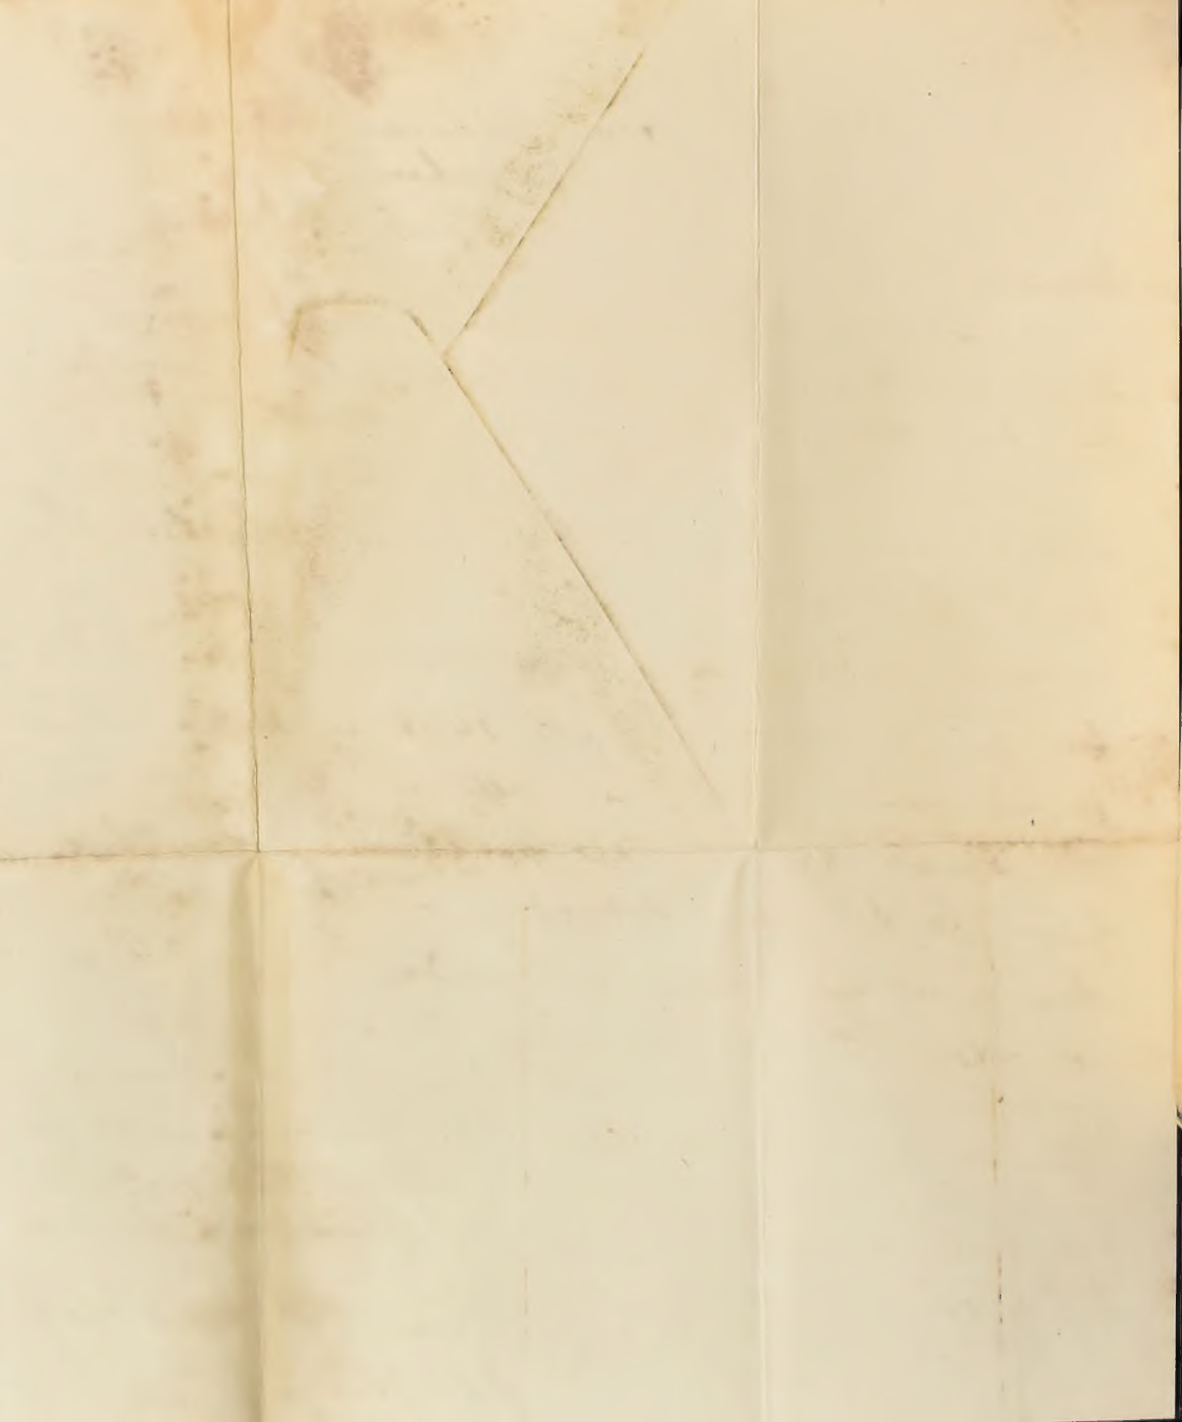

I am sorry to say I cannot say without seeing many of these notes whether I have them or not, as I collect extremely minute differences. Would it be possible for you to send me Lots 1408 to 1421 inclusive for my inspection? I will return them to you the same day I receive them, so that if you send them Saturday, I will receive them & return them on Monday, & you will get them Tuesday morning. I will return you the cost of sending. I may need many of them, & I may need few, but it is impossible for me to say without seeing them. If you have any <sup>50¢</sup> notes of the same issues of your own, you may ~~also~~ send them also if you so desire.

Is lot 1384 perf. or not perf.?

What do you mean by "large & small figs" in lot 1402?

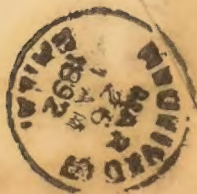

Yours truly, E. R. Hodge.

Dear Messrs Chapman:

I am again back to Wash.  
From the Philippines I am still interested in Currency.  
Do not forget me in your Currency Sales. Can  
you not send me a Wilcox catalogue? Does  
it contain his entire collection of Fractional  
Notes? If not when do you expect to sell them  
if at all. Yours truly, Edwin R. Hodge, M.D.

My dear Mr. Chapman:

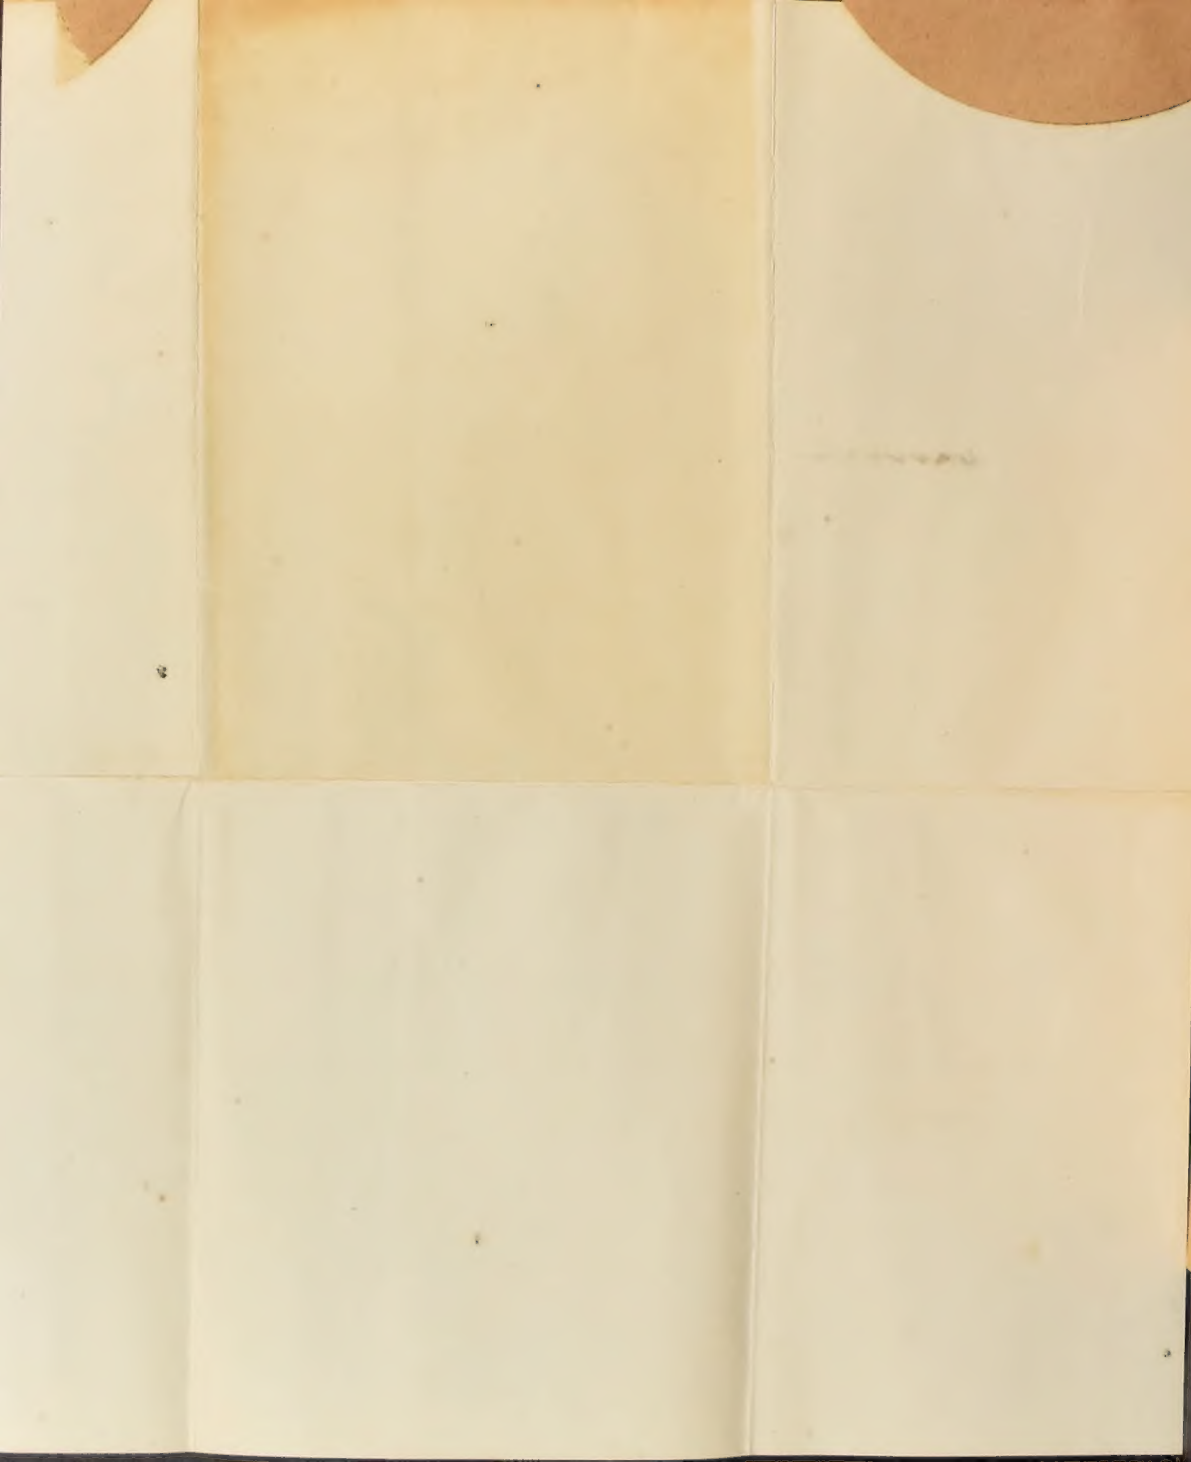

Yours received. Many thanks for the invitation. I should like very much to be at this sale, and at all of them as a matter of fact; but it will be very inconvenient for me to get away now. The proofs you mention may be very nice, but being only proofs, or essays, I don't attach the same importance to them as regular notes, and consequently am less interested. I should certainly not be interested enough to pay what may be termed "a fancy price" for them under any circumstances.

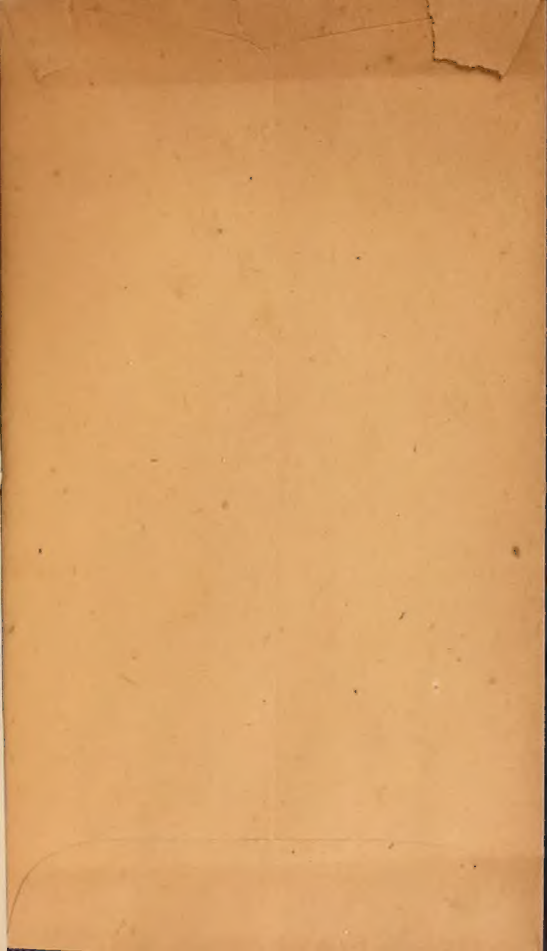

I am reminded, by the receipt of your letter, that I have possession of two of your notes - the ones you handed me at your house. I keep one and return the other herewith. Sorry I overlooked the matter & ask pardon.
